TALC POWDER EXPORT BUSINESS

💰 An Industrial Mineral Export Opportunity from India

Discover products, sourcing locations, target markets and how to find international buyers.

What Is Talc Powder?

Talc powder is a naturally occurring mineral processed for use in multiple industries.

Major Applications:

- Paints and coatings
- Plastics and masterbatch
- Ceramics
- Rubber manufacturing
- Paper production
- Cosmetics and personal care

Export Experts Global

Types of Talc Powder

Explore different grades based on buyer requirements:

01
Industrial-Grade Talc

02
Micronized Talc Powder

03
Ceramic-Grade Talc

04
Plastics-Grade Talc

05
Cosmetic-Grade Talc

Expert Exports Global

📌 Every grade requires different specifications, quality checks and intended-use compliance.

INDIA SOURCING

Where to Source in India?

- Explore these sourcing opportunities:
- Rajasthan: Talc and industrial mineral suppliers, including the Udaipur region.
- Gujarat: Mineral processors and industrial powder manufacturers.
- Other processing hubs: Compare suppliers offering your required grade and specifications.

Always verify quality, pricing, production capacity and export experience before finalising a supplier.

Export Experts

Target Export Markets

🌍 Research these international markets:

UAE

Indonesia

Bangladesh

Malaysia

Spain

Study import data, competing suppliers, local demand and landed costs before selecting your target country.

Export Experts Global

HS Code for Talc Powder

📦 **HS Code:252620**

Natural steatite and talc, crushed or powdered.

Another related code is 252610 for natural steatite and talc that are not crushed or powdered.

⚠ Confirm the correct Indian ITC-HS code based on the actual product and processing before exporting.

How to Find International Buyers?

🔎 Use these methods to build your buyer list:

- Google search: “Talc Powder Importers in UAE”
- LinkedIn: Procurement managers and industrial raw-material distributors
- B2B platforms: Alibaba and TradeIndia
- Trade data: Identify importers and shipment patterns
- Industry directories: Plastics, ceramics, paints and mineral distributors

Verify each buyer's business credentials before accepting an order.

Export Experts Global

Documents and Quality Checks

📋 Prepare your export documentation and product information:

- Import Export Code (IEC)
- Commercial Invoice
- Packing List
- Shipping Bill
- Certificate of Origin, when required

- Technical Data Sheet (TDS)
- Certificate of Analysis (COA)
- Safety Data Sheet (SDS)

Check destination-country requirements and any additional certifications applicable to the product grade.

Export Experts Global

Risks & Challenges

⚠ Understand the risks before entering the market:

- Fluctuating raw-material prices
- Inconsistent mineral quality
- High transportation costs
- Strong international competition
- Delayed buyer payments
- Product-specific safety and compliance requirements

Export Experts Global

Pro Tip: Test samples and calculate the complete export cost before confirming your quotation.

Your Export Business Roadmap

🚀 Startwith a practicalapproach:

1. Select one talc powder grade.
2. Find reliable Indian manufacturers.
3. Collect samples and laboratory reports.
4. Research target-country importers.
5. Send technical catalogues and quotations.
6. Finalise payment terms and shipment arrangements.
